LO.O.F. MEMORIAL

SERVICES SUNDAY NEXT

Local Oddfellows and Rebekahs will assemble in the Lodge Hall on Sunday next at 2 p.m. prompt, preparatory to attending the annual memorial services.

All visiting Oddfellows and Rebekahs are cordially invited to attend.

Mr. A. McKinley Cameron arrived in town from Calgary this morning and tonight will address a Conservative rally at the opera house.

Rt. Rev. E. J. Le Blanc, who has been bishop of the Roman Catholic diocese of St. John, N.B., since 1912, is slated for appointment for the archbishopric of Regina. He is a native of Weymouth, N.S.

FORMER SECY-TREASURER

GLIS TWO YEARS FOR TREIT

The trial of Frank Wright, former secretary-treasurer of the Town of Blairmore, charged with theft of two thousand dollars and upwards of municipal funds, concluded on Tuesday afternoon, when Judge McDonald, in summing up the evidence, found the accused guilty and sentenced him to a two-year term of imprisonment in penitentiary at Prince Albert.

The case occupied the time of the court for about seven days, during which time some thirty crown witnesses were examined, the last being Mr. Battum, auditor, and Archie McLeod, the ex-mayor. No witnesses were called for the defence.

Evidence produced showed that funds had disappeared at different periods between the 31st of December, 1920, and August of 1925, when Mr. Wright was allowed leave of absence to visit his old home in England.

In cross examination of the ex-mayor, he admitted to the court that he was the "A. McLeod Fletcher" referred to in the auditor's report.

The court room was crowded on Tuesday afternoon, during the address of the crown prosecutor, Mr. J. D. Matheson, and Mr. S. G. Bannan, the counsel for the defence in his speech, Mr. Bannan dwelt upon the fact that the law required absolute proof of guilt and claimed that the crown had failed to produce such proof.

Judge McDonald said that while he was disregarding those cases where cash had been paid direct to ex-Mayor McLeod, there was no doubt possible from the evidence submitted, dealing with the remainder of the shortages in cash disclosed by the auditor's report, and that for this offence Wright was liable to fourteen years' imprisonment.

His honor emphasized the fact that imprisonment was the only protection available to municipalities and similar corporations to guard against dishonesty of their employees, and that it was therefore his painful duty to sentence Wright to a term of imprisonment that would be a warning to others.

The accused, in reply to the judge, said he had nothing to add to the statement presented in his behalf by counsel, but after receiving sentence, asked to be allowed to see his wife before being removed to prison. His request was granted by the judge.

At the conclusion of the trial, Mr. S. G. Bannan was complimented by Judge McDonald and Crown Prosecutor Matheson on the able way in which he had presented the case for the defence.

Mr. Bannan, in reply, stated that the crown had presented their case with every fairness and that there could be no doubt concerning the justice of the finding of the judge, but urged leniency in regard to the sentence to be imposed, reminding his honor that Wright had already been subjected to the ordeal of being arrested in England and brought back to Blairmore in custody. The judge, in passing sentence, stated that all of these facts were being taken into consideration.

Mr. Wright was taken by last night's train to Prince Albert, being in charge of Constable Cawsey, of the Pincher Creek detachment of the A. P.P.

For John Kerr: Samuel George Bannan, of the Town of Blairmore, barrister-at-law.

COUNCIL MEETING

MONDAY NIGHT

The regular meeting of the town council took place on Monday night, attended by Mayor Farmer and Councillors Morgan, Patterson, Ferguson and Sartoris. Councillor Gilles arrived towards the close of the meeting.

The minutes of last regular meeting were approved as read and a large batch of accounts were considered for payment.

The request of Chief Spence for a locker in which to keep tools in the basement was granted.

The council were unanimously in favor of supporting the local senior and junior First Aid and granted \$25 towards support of same.

A communication from the West Canadian Collieries, asking for a special reduced rate of municipal license in respect to the beer parlor of the Greenhill hotel, was placed on file. Council could see no reason why this hotel should be granted any special privileges.

Councillor Morgan drew attention of the council to various matters, including the plank crossing near the depot on Fifth Avenue, an obstruction afforded by a high-power pole of the East Kootenay Power Company on Avenue south, and the nuisance afforded by the increasing canine population, all of which matters will shortly be attended to.

TENNIS LEAGUE RESULTS

Another of the Crows' Nest Pass Lawn Tennis League games to be played on the Blairmore tennis courts, was played on Wednesday afternoon between the Hillcrest and Blairmore Tennis clubs. Play was very keen all the way through and some very interesting events were played. Eleven events were to have been played off, but owing to darkness one ladies' single was not played. Of the ten events played, Hillcrest won four and Blairmore six.

The following is a list of the players and scores:

Men's Doubles—Dr. Rose and Mr. Stobbs vs Mr. Wallace and Mr. McDonald, 3-6, 4-6. Mr. McLean and Mr. Salt vs Mr. Rhynas and Mr. Pruden, 6-5, 5-7, 0-6.

Men's singles—Mr. Salt vs R. Pinkney, 3-6, 0-6. Mr. Stobbs vs Mr. Clandfield, 5-7, 6-4, 6-4. Mr. McLean vs Mr. Muncester, 6-2, 6-1.

Ladies' doubles—Mrs. Rose and Mrs. Cruickshank vs Mrs. Kerr and Miss Marquis, 8-10, 1-6. Miss Moyle and Miss Horton vs Mrs. Smith and Miss Hall, 6-9, 5-7, 4-6.

Ladies' singles—Mrs. Cruickshank vs Mrs. Kerr, 1-6, 2-6. Mrs. Rose vs Miss Hall, not played.

Mixed doubles—Mrs. Cruickshank and Mr. Stobbs vs Mrs. Kerr and Mr. Rhynas, 1-6, 6-4, 7-5. Mrs. Rose and Dr. Rose vs Mrs. Smith and Mr. Smith, 6-4, 8-6.

Hillcrest, 4, Blairmore, 6.

The Hon. Mr. Saklatvala, M.P., who came to England from India to give the British lion's tail a twist, is now in jail for telling soldiers they ought to join the strike and make a complete job of social chaos in England. The British judge did not approve the idea.

Political guns are being fired. Premier Brownlee opened the firing in the opera house here on Tuesday night, when a pretty good audience attended. The meeting was presided over by J. A. McDonald. Other speakers included P. M. Christophers, M.L.A.: The Conservative campaign opens tonight, when J. McKinley Cameron, of Calgary; John Kerr, the candidate, of Passburg, and others will speak. Liberal meetings will be held at Hillcrest tonight, and Bellevue tomorrow night. So far the campaign has been tame.

MINERS' PICNIC MARRED

BY HEAVY RAINSTORM

In spite of the heavy rainstorm that swept the entire south of the province on Saturday last, the miners of Lethbridge decided to carry out their outing programme, and mid-terrors boarded the special train at Lethbridge in the early hours to reach here by 9.30. Upwards of one thousand took in the trip.

Arriving in Blairmore, they found that ample indoor accommodation had been provided for them in the spacious arena and the opera house, both of which were placed at their disposal for the day.

The visitors were accompanied by a pipe band, that tended largely to keep up their spirits during the day.

The programme consisted of races and other events for children that were keenly contested.

The return trip was made at 9 p.m., when the thirteen-car special pulled out from the depot.

BLAIRMORE LOCAL

FIRST AID CLASSES

On behalf of the local committee of the above classes; also on behalf of the members of both the senior and junior First Aid classes at Blairmore, we herewith extend our thanks for the following donations since the commencement of these classes last November:

Mr. G. A. Vissac, \$20.00; Town of Blairmore, \$25.00; B.P.O.E. Lodge No. 15, Blairmore, for spools and bandages for the boys' team, to the value of \$12.50. Total donated, \$57.50.

We also extend our thanks to Mr. Vissac for supplying two stretchers for the boys' teams; also supplies for the senior teams.

On behalf of the local committee and local classes,

MOSES JOHNSON,
President.

CALGARY EXHIBITION
AND STAMPEDE

Great preparations are being made for the Calgary Exhibition and Stampede, to be held July 5th to 10th next. Every year this great annual holiday event is enjoyed by larger crowds and the event itself is improving in the matter of size, thrills and educational features. This year, all previous successes will again be surpassed. It is the extraordinary features of the Calgary exhibition and stampede that makes visitors so enthusiastic. No other exhibition and stampede provides such entertaining free features up-town. These include the great opening feature, the stampede parade, held Monday morning, with thousands of Indians, cowboys, chuck-wagons, mounted police, oldtimers, industrial floats, etc. In this parade, there will be at least 1500 horses and nine bands. On Tuesday and Thursday mornings, there is the uptown street display, where autos are barred and cowboys, Indians, chuck-wagons, old-timers' outfits, packing competitions, etc., provide a colorful programme never to be forgotten. Special prize list has been issued for these events and may be had on application. Friday night is the night of the great cowboy and old-timers' ball, when ten thousand dancers will step to music provided by five bands. In all of the above events, His Majesty's Coldstream Guards will be present.

The exhibits at the exhibition will be more numerous than ever, as \$250,000 has been added to the prize list. The best livestock will be gathered together from Canadian and United States herds. The horse race will bring together the best thoroughbreds from a radius of two thousand miles. Both the races and stampede events will be continued for six days this year. The famous Calgary stampede has been enlarged and improved by the addition of Canadian championships for bucking, horse riding and calf roping, as well as the open competitions in the various cowboy sports. Over five hundred of the best livestock, from all parts of Alberta have been arranged for and further improvements have been made to the corral, so that the programme can present the maximum of thrills. His Majesty's Coldstream Guards' Band will play each evening in front of the grand stand. This is considered the best military band in the world. An especially fine vaudeville programme will close each evening's entertainment and Saturday night a stupendous fireworks programme will be added as a great closing number.

Exhibition entries close on June 19th and stampede entries on July 1st. Reserved seat reservations may be made by writing to Mrs. John Wilson, ticket superintendent, care of Grand Theatre, Calgary, and rooms may be reserved through Mr. Dan Whitney, president of the Alberta Hotel Association, who is conducting a free accommodation service. Come prepared to wear cowboy and cowboy attire and enjoy a wonderful holiday and be in Calgary Monday for the great stampede parade.

"Mamma, do the heathens in Africa wear clothes?" asked five-year-old Mary.
"No, dear," was the reply.
"Then what good will that button be that papa dropped in the collection plate?"

CONSERVATIVE PRINCIPLES
ARE RESTATED BY THE
CONSERVATIVE LEADER

A. A. McGillivray Sets Forth in Plain Language What the Provincial Conservative Party Stands for in Coming General Election.

Co-Operative Marketing Extension is Advocated

Proportion of Money Expended on Roads to go Toward the Maintenance of Country Roads as Well as Main Highways — Encourage the Inflow of Capital and Immigration to Supplement Efforts of the Dominion Government.

SPEAKING at Rockyford on Thursday afternoon, June 18th, in support of Hugh Miller, Conservative candidate in the Gleichen riding, A. A. McGillivray, leader of the provincial Conservative party, reiterated the items in the policy of the party that he has stated from different platforms in Alberta since being elected leader in August, 1925.

In his usual fighting style, Mr. McGillivray, in the course of the hour, restated the Conservative platform and the record of the present government. Summing up his appeal to the electorate following the declaration of political principles, Mr. McGillivray said the Liberal party cannot go back to power and a record cannot be added under the cloak of one new convert.

Give Them Chance.
The present government has failed a copious public questions, the chief of which are redistribution of the northern railways, natural resources and the finance policy. That it has had to face, then why not give the provincial Conservative party a chance to demonstrate what it can do? Mr. McGillivray left here at 8 p.m. for Owen and other points in Acadia riding.

In reiterating points in the Conservative policy that have been enunciated by him from many platforms since he took the leadership of the party in August, 1925, Mr. McGillivray said: "I have not gone in for the form of political advertising that is known as the manifesto. I observe that the Liberal leader leaned toward them in 1921. He issued one which commenced as follows: 'Truer representative government to replace the party system.' Independent candidate in West Calgary outlines constructive proposals for the establishment of a democratic government freed from partisanship and partyism. Proportional representation truly reflects popular will. Patronage is abolished. The maintenance of party system, in today's national scandal, will disappear under the reformed method of election."

"In so much as the new manifesto of the Liberal leader commenced as follows: 'Liberal manifesto—J. T. Shaw, Liberal leader, issues statement of party policy' and in so much as this latest manifesto by Mr. Shaw, in so far as it does not consist of copybook platitudes and glittering generalities is partly taken from the pronouncements of the Conservative party, it may be well for me to restate the position of the provincial Conservative party upon some of the provincial issues, a position taken and given public expression to on the platforms of this country at times when Mr. Shaw was still an Independent."

Conservative Platform.
"The provincial Conservative party stands for the following:
"1. Redistribution whereby the number of constituencies will be reduced so that there will not be more than 65 constituencies in the legislature. This reduction to be made having due regard both to population and to the sparsely settled areas.
"2. Reduction in the amount paid as seasonal indemnities of members by \$500.
"3. A determined effort to make of the United Farmers of Alberta organization something more than a mere political machine and to advance its development along social and economic lines.
"4. The encouragement of co-operative marketing. Even as supporters of the Conservative party brought Sapirto to Alberta without thought of political advantage, so will the Conservative party support any movement for the benefit of the farmers, without seeking political glorification."

Money for Roads.
"5. A fair proportion of the money (Issued by Provincial Conservative Association)

expended on roads being deflected from the trunk roads to the farmers' market roads.
"6. In so far as it lies within the legislative control of the province, keeping check over grain elevators with respect to the weighing and grading of grain.
"7. A soil survey of the drought areas of the south by the greatest agriculturalists available.
"8. Putting up provincial telephone system on a business basis.
"9. Furthering any practical scheme providing for rural credits.
"10. Equality of men and women under the law.
"11. A recognition of the fact that labor unions are as much an essential product of modern economic life as are the large corporations and that they tend to bring about equality in wage bargaining that would not exist if the individual had to bargain with the great corporations.
"12. Providing a right of appeal under the Workmen's Compensation Act from an automatic compensation board.
"13. Raising the scale of compensation for railwaymen in non-accident cases to the level enjoyed by other classes of workmen.
"14. Equitable distribution of the burden of taxation for upkeep of the schools.
"15. A most careful consideration of all possible ways and means for providing security of tenure and a practical pension scheme for teachers.
"16. An examination of the school system by a committee with a view to making certain that our student body is not faced with an overloaded curriculum.
"17. Revaluation and sale on the proper terms of the E.D. & B.C. and Montreal Canada railways, with a consequent saving of nearly one million dollars a year.
"18. The obtaining of our natural resources of fair and equitable terms without any school question or other strings attached thereto. The provincial Conservative party has stood for this since 1905.
"19. Balancing the Budget.
"20. The yearly balancing of the budget. In 1925-26, 1925-26, while advocates of this government were still saying that it could not be done without incurring essential services, the Conservative party took the position, as it does now, that the budget could and should be balanced in each year.
"21. A complete reversal of the former Liberal and the present government's attitude toward capital by encouraging in every possible way those who have money to invest in the expansion and utilization of our natural resources of all kinds.
"22. A provincial immigration and colonization policy to supplement the efforts of the Dominion government to get people and to retain them when we get them here, so that with more people among whom to distribute the land we may hope to cope with our debt and our ever increasing burden of taxation. The provincial Conservative party is determined to bring about an inflow of capital and of people, because the future prosperity of our people is inseparably associated with these.
"23. One system of voting for both city and rural constituencies.
"24. An immediate decision as to the Spray Lakes water power project.
"25. More local autonomy in municipal affairs."

Money for Roads.
"5. A fair proportion of the money (Issued by Provincial Conservative Association)

expended on roads being deflected from the trunk roads to the farmers' market roads.

In so far as it lies within the legislative control of the province, keeping check over grain elevators with respect to the weighing and grading of grain.

A soil survey of the drought areas of the south by the greatest agriculturalists available.

Putting up provincial telephone system on a business basis.

Equality of men and women under the law.

A recognition of the fact that labor unions are as much an essential product of modern economic life as are the large corporations and that they tend to bring about equality in wage bargaining that would not exist if the individual had to bargain with the great corporations.

Providing a right of appeal under the Workmen's Compensation Act from an automatic compensation board.

Raising the scale of compensation for railwaymen in non-accident cases to the level enjoyed by other classes of workmen.

COWLEY HAPPENINGS

The farmers are rejoicing over a few days' sunshine since the recent heavy rains.

H. D. McMillan, M. A. Murphy, James Leach and G. Smith were visitors to Hillcrest on Wednesday.

Mrs. McNally, Mr. Dickson and R. J. Swinney, of Spring Ridge, were the guests of Mr. and Mrs. M. A. Murphy on Tuesday.

On Sunday last, Father's Day was observed here in the United church, with a special service, conducted by the Rev. Mr. G. Smith.

Miss Hilda Hannan, who has for the past year been taking an advanced degree in piano in Calgary, has returned to spend the holidays with her parents here.

Cassie V. Hodson, of Trail, B.C., is renewing old acquaintances here. We regret to say that Mr. Hodson is in poor health and has been travelling to try and regain strength.

The Conservatives held a political meeting here on Friday afternoon. The principal speakers were Mr. R. O. Allison, of Pincher Creek, and Mr. A. L. Smith, K.C., of Calgary, who delivered a powerful address to a crowded house.

Best Connolly, Bill Bennett, Douglas McWilliams, Jack Evans and Fred Burton passed through town on Tuesday morning on their way to the Winnipeg stampede by motor. "Buster" Connolly and Percy Bennett having gone ahead by train, taking a bunch of horses with them.

On Tuesday afternoon a political meeting was held by the farmers. The principal speakers were: Mr. P. M. Christopher, M.L.A., of Blairmore; Mr. Earl Cook, of Pincher Creek, who held the interest of the audience with a weighty address; and Hon. J. E. Brownlee, the provincial

premier, who very ably and forcibly addressed the crowd on many topics of political interest.

"Well, darling, what did you see at church today?"

"Oh, muvver, I saw the funeral thing—a man that said his prayers and den he didn't go to bed."

The Sunday school girls of a certain church put flowers in front of the pulpit each Sunday.

One was asked by an elderly person what they did with the flowers after the service.

"Oh, we take them to people who are sick after the sermon," was the innocent reply.

SWEEPING REDUCTIONS IN FORD PRICES

Coincident with the reduction in the price of Ford cars and
trucks in the United States, the Ford Motor Company of Canada,
Limited, announces the following prices, effective June 19.

In addition to these drastic reductions, all models quoted below,
except the truck, are now standard equipped with self-starter
and balloon tires.

Model	New Price	Savings
Runabout	\$460	\$50
Touring Car	480	50
Sport Roadster	555	40
Coupe	610	50
Tudor	625	60
Fordor	690	55
Chassis	370	40
Light Delivery	470	60
Light Delivery Van	525	50
Truck, non-starter	395	50
Truck, self-starter	490	65

(Above prices at factory. Freight to point of delivery and sales tax extra)

These reductions are made absolutely without sacrifice to the
traditional quality and durability of Ford products. They open
the way to car ownership to thousands of Canadians who have
not previously been afforded the comfort and economy of per-
sonal transportation.

See your local authorized Ford dealer today. He will gladly
demonstrate the model you are interested in and explain conven-
ient terms of purchase.

THE BIG BRITISH STRIKE. WHY NOT ARBITRATION?

Lloyd George is opposed to Bal-
win's conservative government, but
declares that the majority of Brit-
ishers stand behind it and against
five million organized workmen and
the national strike.

The question in England today is,
"Shall the Empire be ruled by na-
tional vote or by one-eighth of the
people enrolled in labor unions?"

The British, as a nation, will re-
spond to Baldwin's appeal to "co-
operate in measures undertaken to
preserve the liberties and privileges
of the people of these islands."

No sound reason can be given for
permitting any one group, whether
unionism, free masonry, some par-
ticular church, or any other body to take
charge of the nation.

On the other hand, the workers
properly object to including among
"the liberties and privileges of the
people of these islands," the privilege
of a small group of coal mine owners
arbitrarily to reduce wages thirteen
and one-third per cent and add one
hour to the working day.

Union labor has no right to force
starvation upon the whole people.
The coal mine owners have no right
to force semi-starvation upon thou-
sands of mine workers.

It is probable that this strike will
be settled in a short time. But "the
liberties and privileges" of the coal
mine workers will have to be consid-
ered in the settlement.

With an entire nation tied up be-
cause mine owners and workers can-
not agree on wages, why not submit
the question to an impartial jury—if
such can be found?

The British ask us to join a league
in which all nations would submit
their wars to arbitration. Why not
experiment with one little industrial
war at home for a start?—American
Exchange.

TOO BUSY

"Picked up any clues to the es-
caped convict, constable," asked the
reporter.

"Wa-all," drawled the chief of po-
lice, as he scratched his official head,
"the boys have been so busy lately
enforcing the traffic laws, lookin' fer
places where they sell moonshine and
fer fellaes suffering slightly from joy,
keepin' an eye on the bathin' suits
and censurin' books and movies that
they haven't nacherly had time to get
started on that chase."

A minister took permanent leave
of his congregation in the following
manner: "Brothers and sisters, I
come to say good-bye. I don't think
God loves this church, because none
of you ever die. I don't think you
love each other, because I never
marry any of you. I don't think you
love me, because you have not paid
my salary. Your donations are cheap.
Brethren, I am going to a better
place. I expect to be chaplain in a
penitentiary. 'Where I go ye cannot
come, but I go to prepare a place
for you,' and may the Lord have
mercy on your souls. Good-bye."

Blairmore Oil Exchange

ANNOUNCEMENT

As many enquiries have been made relative to the need of an office devoted exclusively to dealing in

OIL STOCKS

the undersigned desires to inform the people of the Crows' Nest Pass of the opening of such a business in the

Orpheum Theatre Building, Blairmore

A CLOSE SURVEY of the Stock Market would indicate that prices are probably at their lowest, caused undoubtedly by the very optimistic reports concerning McLeod No. 2 Well, and it is reasonable to presume that no matter whether this well or some other "comes in" it will have the effect of increasing the prices of most of the other stocks.

I have been fortunate in securing the exclusive stock-selling rights in this section, in the following companies:

**NEW VALLEY, DOLOMITE, RESERVE, UNITY, MID VALLEY,
NEW YORK-ALBERTA and GOL-CONDA**

Prices—Gol-Conda, 50 cents per share. All other companies, \$1.00 per share

— The Strictest Investigation is Invited —
of any or all of the above attractive offerings

FOR THOSE who are desirous of purchasing or selling stocks on the active list, i.e., quoted on the Calgary Stock Exchange, an arrangement has been made with Mr. Saul Stafford, 216-218 Eighth Avenue West, Calgary, who is a Bonded Member of the Calgary Stock Exchange, to transact this business. The official Stock Exchange Price List for the previous day's trading will be hung in the office, together with Maps and Prospectus.

Enquiries respectfully solicited

Attempting somewhat the same system of false economy as adopted last year by the Blairmore board of school trustees, the Fernie school board ordered the dismissal of three teachers of long standing and good service record. The ratepayers called a mass meeting at which it was decided to oppose the action of the board on the grounds that it was unwarranted and a deputation of parents was appointed to meet the board with the following petition:

"To the Board of School

Trustees, Fernie, B.C.:

"We, the undersigned, being ratepayers of the City of Fernie school district and parents having children attending the respective public schools coming under your jurisdiction, are compelled to submit this petition to your board, owing to what we consider to be a very unsatisfactory, if not unfair, situation arising from the notices of dismissal.

"In submitting this petition, we do not wish to improperly interfere with the management of the schools by your board, nor to infer that your action was not strictly within your authority; but we do feel an explanation is forthcoming, as the principle of relieving from office without reasonable warning members of the teaching staff having records of long standing and satisfactory service is not helpful to maintaining the loyalty of the staff and thereby upholding the proper efficiency of these institutions.

"The periods of service of the teachers affected having been considerably in excess of ten years, your petitioners are of the opinion that their proficiency could not have so rapidly declined as to warrant abrupt dismissal. Moreover, the said teachers have borne unimpeachable characters and have always retained the love of their pupils and the respect of the parents.

"While we are heartily in accord with the attitude of the board in endeavoring to effect economy in the administration of the schools, it is felt that such policy should not be invoked to the extent of injuring the efficiency of the institutions or the loyalty and harmony of the staff by any act which might suggest favoritism. For these reasons, and the definitely established records of the teachers in question, we respectfully ask your board to accede to the following request:

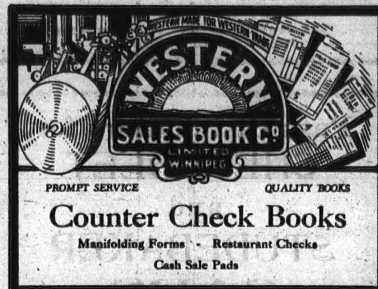

"That a meeting of the board with a representation of the petitioners be held on a date to be mutually agreed upon, for the purpose of an earnest discussion of the circumstances and a disclosure of the irrefutable facts which in the opinion of the board were sufficient to terminate the employment of said teachers.

"In respect to this phase of the situation, your petitioners suggest it resolves solely into question of merit; that a test, competitive or otherwise, be made in order to ascertain whether the pupils receiving tuition from the teachers in question have attained the degree of efficiency their grades require. In adopting this method, your petitioners will be insistent that such test be conducted by an independent and disinterested party, who shall be acceptable to them.

"Your petitioners also wish to point out that careful consideration should be given to the possible permanent injustice to which the said teachers may be subjected in securing employment elsewhere, on account of having been dismissed from Fernie. If, therefore, in the final conclusion of this controversy, it is deemed best for all concerned, for economical reasons that the said teachers be relieved from duty, the suggestion is offered that your board withdraw the notices of dismissal whereby the said teachers would have the opportunity of tendering their resignations. On the ground of economy, however, your petitioners would lay particular stress on the adoption of the policy usually carried out in industrial and commercial practice when reductions in staff are deemed expedient, namely that seniority of service be the predominating factor."

As a result of the petition the dismissal notices were ordered withdrawn.

ORDERS EXECUTED DAILY

REPORT ALBERTA DIVISION CANADIAN RED CROSS

The annual report of the Alberta Division Canadian Red Cross Society is now off the press, and is obtainable free by mail.

This report covers the work of the various departments of Red Cross activities in Alberta, viz: Junior Red Cross and Crippled Children's Hospital, Rural Hospital and Nursing Service, Health Education and Information Bureau, also the financial statements of the division.

The officers for the ensuing year are representative of the chief citizens of this province with His Honor Lieutenant Governor Egbert as president. The provincial council includes many of the directors of the men's and women's service clubs of Alberta. The peace policy pledges the Red Cross to improvement of health, the prevention of disease, and the mitigation of suffering throughout the world. How that pledge has been kept in Alberta is summarized in the annual report of the operations of the society for 1925.

The small outputs run by the Red Cross show records of lives saved, births attended, and much sickness and suffering relieved. The need is for still more outpost stations, staffed by Red Cross nurses and ready to assist the settlers in the sparsely populated districts. A new phase of Red Cross is the establishment of Home Nursing Classes for the instruction of women in the art of nursing the sick in their own homes. The Alberta division has not only an English-speaking nurse in the field actively engaged in this important work, but has recently added to the staff a Ukrainian nurse for the foreign field, where need is manifest amongst the immigrants from southern Europe.

Junior Red Cross schools have made rapid progress and reports show 15,000 school children enrolled for health and happiness. Health education show an advance and an increased demand for health literature, lectures, etc., a service which is available free to any community. All Red Cross friends are invited to write in for a copy of the annual report to, Alberta Division, Canadian Red Cross Society, Traders' Building, Calgary.

A special car of bananas and watermelons was unloaded here on Friday for Plunkett & Savage.

TREES ON THE PRAIRIES

The staff of the Dominion forestry farm at Sutherland, Saskatchewan, has been very busy shipping baby trees destined to become pleasant groves of shelter in nearly 3000 places in the prairie provinces. The demand for this free service afforded by the department of agriculture fluctuates with the years, according to farming conditions and settler movements. Up to the fall of 1925, the Sutherland station had shipped since its inception, 17,000,000 trees. For 1924 the total was 2,000,000, while in 1925 it was about the same number. This year 3,355,000 were shipped.

A ten-dollar bill with an address tag attached was dropped into a mail box in San Francisco and in due course was delivered in New York. That's going some, and about the first time in history that anything has passed through Chicago and come out intact.

NEW ROUTE TO COAST WILL BE OPEN NEXT MONTH, IS REPORT

The Fraser Canyon highway will be available for motorists during the month of July, though not in good condition, according to a letter received from P. Philip, deputy minister and public works engineer, replying to a letter of enquiry. The letters says:

"I am instructed to acknowledge receipt of your letter of the 21st May, addressed to the Hon. the Minister of Public Works, and in reply thereto have to advise that every endeavor is being made to rush this road to completion with as little loss of time as possible. I have every hope that while the road will be far from being in first-class condition by July, it will, however, be possible for vehicles to travel through the Fraser Canyon.

"Naturally, it will take some time before hotels, gas stations and other conveniences are erected along the route as private enterprises, and consequently, for some time to come, there will be some discomfort in making the journey through the canyon.

"A new road through a wild country is naturally one over which traffic not specially prepared should not attempt until ordinary conveniences such as hotels, etc., are provided."

Four fishermen from the United States went fishing on the Caine River, New Brunswick, for 13 days recently, and caught 340 fish. State Senator DeWolf, of Indiana, caught a 43-inch salmon, weighing 27 pounds. Others in the party were Fred N. Post, Dr. E. R. Zimniguan and D. H. Faxon. Only barbed hooks were used so that no fish were either killed or injured.

The second largest outdoor swimming pool in Canada has been opened at Lake Louise on the Terrace between the dining room of the Chateau and the Lake. The new pool is 100 feet long and 40 feet wide. It is surrounded by tall concrete columns between which there are gigantic sheets of plate glass, providing a wind break against cool breezes.

Approximately 120,000 live fish, fresh from American hatcheries, passed through Dominion Express Yards, Windsor Station, Montreal, recently on their way to Beauport, Quebec. They will be used to stock private lakes in northern Quebec owned by wealthy citizens of the U.S.A. who prefer the virgin hills and forests of Canada to the densely populated summer resorts of their own country.

Norman E. Wilkinson, London, England, inventor of camouflage paintings which was used extensively during the late war, arrived in Canada on the Canadian Pacific liner "Montcalm" with his wife recently, for a tour of the Dominion. Sir Clifford Sifton, prominent Torontoian, and Sir Stephen Prunton, M.L.M.E., famous mineral geologist, also arrived on the same vessel.

Col. C. H. D. Ryder, C.B., C.I.E., D.S.O., chairman of the Air Survey Company of London, England, interviewed Alexander Mackenzie, King and the prime ministers of the various provinces with regard to finding out the prospects of surveying practically the whole of the Dominion by air. He also wishes to know about the possibility of combined federal and provincial action for these surveys.

On his return from a recent tour of inspection of the Canadian Western Lines, Great Hall, Vice-President of the Canadian Pacific Railway, stated that experts to the Orient in the form of grain, flour, dressed meats and motor cars were steadily increasing in volume and that trade with Australia had been considerably stimulated by the trade arrangements with that Dominion. Mr. Hall added that conditions were good in the West. The mining industry in British Columbia showed up well, while lumber shipments were heavier than last year.

All roads led to Windsor Station, Montreal, for three days prior to the opening of the tenth annual international Kiwanis convention, which opened on June 6. Not only was the C.P.R. station the gateway through which an army of Kiwanians passed into Montreal, but, every one of the delegates, their wives and friends, about 7,000 in all, congregated there as the station had been constituted registration headquarters of the convention. A force of 32 stenographers was specially engaged to handle the work.

The Official Organ for the Province

Had to Say of Capt. Shaw, Liberal Leader

As late as September 15, 1925

CAPTAIN SHAW

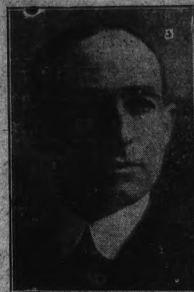

CAPT. J. T. SHAW

"The announcement that Captain Shaw, who has represented West Calgary in the House of Commons as an Independent member for the past four years, will not be a candidate in the forthcoming election will be received with deepest regret, not only in all parts of Alberta, but among forward-looking people throughout the Dominion.

"Capt. Shaw's withdrawal from public life would be a very serious loss to Canada. He made his mark in the last parliament, and he is recognized today as a parliamentarian of independent spirit and of outstanding ability and courage. He is one of a still small group of men in the federal sphere who have been paving the way for a real advance from the petty personal politics of today, to constructive and genuinely progressive statesmanship. His early return to public life will be hoped for by all who are familiar with his record of service in the parliament recently dissolved.

"Since the announcement of Mr. Shaw's intention not to be a candidate, very great pressure has been brought to bear upon him in Calgary in hope that he will reconsider his position. We trust that he may yet decide to allow his name to go before the electors on October 29th."

A TONGUE TWISTER

Sylvia seemed serious so Sammy swam six strong strokes. "So simple," said Sammy. Soon Sylvia started off swimming. "Splendid!" shouted Sammy. "She swims splendidly," Sylvia seemed somewhat surprised. She swam several strokes—splashed—sank! "Save Sylvia!" screamed Sammy, swimming swiftly shoreward. Seizing Sylvia, Sammy shouted shrilly. Some ships saw Sammy's serious situation. Six stalwart sailors saved Sylvia. "Silly Sylvia," sighed Sammy, shivering slightly. "She shouldn't start swimming so suddenly," Sylvia swallowed swiftly. "Stupid," she shouted shortly. Sammy seemed shocked. "Sorry, Sylvia," said Sammy. Sylvia smiled sweetly.

A young lady of West Blairmore was dining at the Chardon cafe on Friday night last, when a sleek passed the confections, saying: "Sweetest to the sweet." Making no reply, the young lady passed the nuts.

A man went to sleep in church during the service recently. He was awakened by the churchwarden coming round for the offering, and, not for the moment realizing his position, he exclaimed: "I've got a season ticket!"

Mrs.—"I must dress at once, dear, the Browns are coming here this evening. Should I put on the perculator?"

Mr.—"Oh, don't bother, you're dressed good enough the way you are."

"You tell me," said the judge, "that this is the person who knocked you down with his motor car. Could you swear to the man?"

"I did," returned the complainant, eagerly, "but he only swore back at me and drove on."

The White Little Stolen Church at Windermere

1. The church. 2. The Minister's Canyon on Windermere Highway. 3. Bungalow camp at Windermere.

One can tell at a glance that the little church at Lake Windermere, British Columbia, has had a past—and proud of it, too! Nestled among great, pine-clad ranges of mountains, on the shore of a silver lake, it is proud of its beautiful site, but prouder still of the way in which it came to be called the "Stolen Church."

How it earned this very unique name is recalled in a recent number of "The Mentor," by Mary Graham Bonner. It is a strange story of simple, devout people who so loved their church that they stole it, and carried it away for over a hundred miles.

When the Canadian Pacific Railway moved its divisional point from Donald to Golden, the inhabitants of Donald packed up and moved, too. Some of them went to Golden, but a few followed the former construction engineer of Donald up the Columbia River to a place he insisted was Heaven. It was pretty near it, anyway, this Lake Windermere with

its shimmering waters reflecting the magnificent mountains. Here they settled, and built their dwellings, but in spite of the great beauty of their new home, they could not be completely happy. They missed their little church on the windy hill back at Donald. Plans had been made for the construction of a new worshiping place at Windermere, but they knew that no other church could fill the place of the old one, so dear to them, now sleeping and forsaken, in the deserted village of Donald.

Up spoke the engineer, the leader of the little colony. He knew what they could do. They would steal it. Move it away at night. Nobody wanted the little church, but then; the people of Golden did not love it as they loved it.

So the church was stolen: unshimmed, bound up and carried away one night—to Golden by train, thence on the river boat, to Windermere. The people and the bell, however, had to be left behind, and by the

time they had returned for them, the people of Golden had wind of the affair, and they were nowhere to be found.

The bishop at New Westminster, too, learned of the theft of the Donald Church and was moved to righteous indignation. He wrote a letter to Windermere commanding the communicants to return the church, or suffer the consequences of the episcopal wrath.

But at Windermere, they were far too busy, every one of them, and too happy, to pay much attention to His Grace's admonition. Windermere has grown since the Canadian Pacific Railway ran a line through from Golden and built a bungalow camp nearby, and the automobilists pass by in their thousands from Banff and Spokane, and the communion roll of this primitive little church has swelled considerably. It has a steeple now and a bell, too, but until this day, it still proudly bears the name of the "Stolen Church."

GOVERNMENT OF BRITAIN WATCHES ACTION OF SOVIET

London.—The attitude of the British Government respecting the shipment of money from Russia to aid the workers in the recent general strike was outlined by Sir William Joynson-Hicks, home secretary, in the House of Commons.

While the British authorities were convinced that the government of Soviet Russia had waived its regulations in permitting contributions, ostensibly from the laboring classes of Russia, to be forwarded to England, he declared that it was not proposed, at least for the present, to rescind recognition of the Soviet, as had been asked in some quarters.

The British Government, said the home secretary, was not blind to the motives which had inspired these gifts, motives which could be read in countless declarations by the Soviet leaders and in the Soviet press.

The government was carefully watching further action by the Soviet and its affiliated organizations, and if it became convinced that British interests needed a change in policy, there would be no hesitation in taking the necessary steps.

The Earl of Halifax, in the House of Lords, also gave an account of the government's action in this matter.

The debate in the two Houses of Parliament revealed that no further note or action with respect to Russia was contemplated for the moment, and this revelation brought in dignified protests from members representing the anti-Russian sentiment.

Send Out British Gunboats

In Effort to End Banditry in Chinese Province

Canton.—British gunboats have been dispatched to Nanning, Kwangsi province, to put an end to the banditry and robbery which resulted recently in the kidnapping and murder of J. M. Phillips, British manager of the Asiatic Petroleum Company.

Phillips' body was found in the West River at Nanning, June 8, several days after he had been carried away by bandits who demanded ransom. Soldiers were sent to rescue him and the bandits had previously been believed to have killed Phillips and thrown his body into the river.

Smuggling Sugar Into Constantinople

Result of Heavy Duty Imposed by Government

Constantinople.—Sugar bootleggers such as active in Constantinople. The government's heavy duty on sugar has caused scores of Greeks, Turks, Armenians and Jews to smuggle in large quantities of contraband sugar and sell it at large profits. One bootlegger is said to have made half a million dollars in the last year on "illicit" sugar.

Corn Borer Plays Havoc

Windsor, Ont.—That the European corn borer had reduced the price of and in certain parts of Essex County at least 50 per cent, was the statement made before a meeting of the Essex County Council by Judge Miller, provincial agricultural agent. The end of the Essex corn belt was presided over by Mr. Miller, who declared the county was faced with the necessity of finding equally remunerative crops.

Series of Robberies

Vancouver.—A series of burglaries, which resulted in goods to the value of approximately \$1,500 being stolen, most of the "jobs" apparently being the work of experienced gangs of thieves, was reported here from various towns on the lower mainland of British Columbia.

Crete Seeks Refugee Loan

Athens.—The Greek government will submit shortly to the secretariat of the League of Nations a request for a supplementary refugee loan. It will be for \$2,500,000 and will be made in September when the present loan is exhausted.

Wembley Buildings Sold

Go To Private Purchaser After Auction Sale Abandoned

London.—The "white elephant" structures, as the colossal buildings housing the stadium of the Wembley Exhibition, were many times described, have finally been disposed of. It is authoritatively stated.

A public sale was held at the Wembley grounds June 15 and the buildings, together with 136 acres of ground, placed on the auction block, but after a few minutes of bidding during which the highest price offered was £235,000 (approximately \$1,535,000) the sale was abandoned.

The auctioneer remarked he had received a better offer privately, and it was declared the buildings and grounds had been sold to the maker of the private offer.

The name of the purchaser and the price paid were not divulged.

Jazz Proves Fatal

Eminent London Musician Succumbs to Blast From Jazz Band

New York.—Professor Nicola Costello, 73 years old, one of the best known musical composers of Europe, head of the Barham School of Music in London, dropped dead in the Bowery at Coney Island, following a nervous prostration, his relatives say, to a sudden blast from a jazz band in one of the concessions.

Professor Costello, born in Italy, but a resident in England for more than 50 years, arrived in New York two weeks ago en route to visit his son, Howard Costello, a rancher in Saskatchewan. He was to have left for Canada this week.

Denial From Washington

United States Not Involved in Any Way With League Controversy

Washington.—Diplomatic officials made swift and emphatic denial that they had been involved even indirectly in the league controversy which resulted recently in Brazil's withdrawal as a league member.

E. V. Morgan, United States ambassador at Rio de Janeiro, has issued a categorical denial of a story that he had congratulated President Bernardes upon Brazil's resignation from the league.

Amendment Thrown Out

Change in Immigration Act Is Rejected By Senate

Ottawa.—The government bill to amend the Immigration Act was thrown out by the senate. The bill was designed to remove the provisions inserted in the act after the Winnipeg strike which authorized summary search of the premises of people suspected of association with seditious movements and deportation without trial of any boy Canadians found guilty under these clauses.

Rochester, N.Y.—W. Gibson, of the British Columbia department of education, was here gathering information on the operation of the senior high school system in which Rochester was a pioneer with a view, it is said, to establishing a similar system in Vancouver.

Edmonton Woman Elected

Ottawa.—Mrs. J. J. Duggan, Edmonton, was elected first vice president at the closing session of the Catholic Women's League of Canada. Mrs. B. C. McCann, of London, Ont., was re-elected president.

Urge Equal Cattle Duty

Canadian Tariff Should Be On Same Basis As U. S.

Ottawa.—Equalization of the Canadian customs duty on cattle with that of the United States was recommended by a sub-committee of the whole House of Commons agricultural committee.

The sub-committee, appointed to consider the cattle question, reported that a recommendation that the Canadian customs tariff against United States cattle should be placed on the same specific basis as the United States tariff on Canadian cattle, with the provision that if the United States tariff be removed or reduced, the Canadian tariff would thereupon be removed or reduced to the same extent.

The subcommittee also recommended that Canada's minister to Washington be appointed at once and that the Canadian government should enter into negotiations with the United States looking to the entry into the United States of Canadian cattle on a more favorable basis than at present.

CANADA SHOULD DEVELOP OWN FUEL RESOURCES

Ottawa.—Recommendations for a national fuel policy, to supply Canada's coal consumption from her own mines, was made by Hon. G. S. Harrington, minister of public works and mines, in Nova Scotia, before the special committee of the house investigating the Dominion's anthracite supply.

Chief among the recommendations was by Mr. Harrington were:

(1) Governmental assistance to secure the erection of coking plants within Canada at points serving large centres of population;

(2) The granting of a subvention on maritime coal water borne to Montreal when carried by rail west of Montreal;

(3) Protection to maritime coal from unfair competition by American products; and (4) Cancellation of the bonding privilege for American coal for bunker supplies in Canada.

"It appears to me essential that in Canada we make up our mind at the commencement whether or not we can adopt something in the nature of a national fuel policy, the aim and object of which would be to produce within Canada the coal that we consume in the Dominion," he declared.

Such a policy, stated Mr. Harrington, be adopted. He pointed out that thirty million tons of coal were consumed annually in Canada. Yet, seventeen million tons of this coal were imported. A. J. Creighton and R. H. McWilliam, Owen Sound, recommended a rail and lake haul from the head of the lake of Alberta coal in preference to an all-rail haul in box cars. They suggested the briquetting of screen coal at the mines, and the establishment of coking plants at well populated centres.

Bags Enormous Wolf

Winnipeg.—George Kemp, who spent the winter at Norway House, brought to Winnipeg recently the skin of what is believed to have been the largest grey wolf ever shot on the American continent. The wolf, which was shot by C. Herman, a trapper, measured seven feet six inches from tip to tail. The wolf was shot 200 miles northeast of Norway House.

BALDWIN'S PLAN IS OPPOSED BY LABOR PARTY

London.—The parliamentary Labor party voted to resist strenuously the proposals outlined by Premier Baldwin in the House of Commons regarding re-organization of the coal industry.

The miners, at a special meeting presided over by former premier Ramsey MacDonald, voted unanimously for a resolution declaring that the government's declaration of policy on the mining crisis regarding the hours of wage was a violation of the recommendations made in the report of the royal commission.

The resolution also stated that the government's policy was inadequate to meet the problems of the industry. It was a surrender to the demands of the mine owners and was calculated to prolong and amplify the industrial struggle in the coal fields.

Mr. MacDonald already had expressed the opinion that Premier Baldwin's suggestion for a partial suspension of the seven-hour day would serve to make the miners more solid in their strike.

Britishers Buy U. S. Fruit

Imports of Apples Larger Than From Other Countries

London.—Englishmen eat a larger proportion of apples from the United States than from any other country, according to figures published by the Imperial Economic Committee. It estimates the average Englishman in 1925 ate about 100 apples. Of these 38 came from the United States, 25 from the United Kingdom, 19 from Canada, and eight from Australia and New Zealand.

But of 70 oranges each Englishman ate that year only one came from the United States.

The committee estimates almost one-third of the annual produce of the apple in the United States of \$11,000,000 was paid in 1924 for American fruit.

Hard Hit By Floods

Vienna.—Fertile communes in Austria-Burgundia have been inundated by cloudbursts. Bridges were washed away and houses were buried after having been struck by lightning. Several communes in Upper Austria were devastated. Owing to the heavy rainfall the Danube in Vienna has risen nine feet.

China To Stay In League

Geneva.—Mr. Chu, China's representative to the League of Nations, in a statement here announced that China had no intention to resign from the league especially now that he had received assurances that she would be elected to a non-permanent council seat in September.

China Leaving League Is Reported

Geneva.—The newspaper Genova says China, following the example of Brazil, will resign from the League of Nations this autumn because Chinese interests are not sufficiently protected by the league. There is no confirmation of the report.

Bulgarian Peasant Shot

Sofia, Bulgaria.—Two Greek border guards are reported to have shot a Bulgarian peasant at the frontier. Bulgarian officers have demanded a meeting with Greek officers for the purpose of an investigation.

Searching For Art Collection

Valuable Paintings and Jewels Have Disappeared in San Francisco

San Francisco.—The Russian department of the Bank of Italy has been searching for a collection of paintings, bronzes and precious stones valued at \$500,000, supposed to have been stored in a bank vault three years ago. The collection was assembled in the far east by the late Ivan Leontievich Kalmykov, court artist to the Czar of Russia.

The search was instigated at the request of Mrs. Kattiska L. Meyer, of Shanghai, sister of Kalmykov, one of numerous claimants to the property. The bank is unable to find any record of when the collection was stored, although Kalmykov exhibited it here three years ago.

Kalmykov died here in 1925 and is supposed to have left a will providing for the return of the collection to Russia when the United States recognized that government.

Ontario Elections Predicted

Premier Ferguson Makes Announcement At Orillia

Orillia, Ont.—Announcement that the Ontario government would go to the polls in about 12 months on "a policy which might be deemed the best for the people," and that there would be "no listening to extremist views" in the handling of the temperance question, was made by Premier G. H. Ferguson, in his address to a monarchical Conservative picnic here.

His administration, he said, would persist in efforts to bring Alberta and maritime coal to this province.

Premier Ferguson expressed the opinion that there was no reason why the Dominion should import 15,000,000 tons of coal annually when there are such rich fuel resources in this country.

Ban On Conscription

This Subject Occupies Attention At Geneva Meet

Geneva.—The problem of conscription and the possibility of Franco and other nations with big armies contributing to the cause of disarmament by restricting conscriptions seemed to be a big factor at the disarmament meeting. France, which submitted a memorandum to the conference of experts, insisted that the question involved is essentially political, and therefore must be decided by the full commission or an eventual conference, but did not declare herself opposed to its consideration.

Interest has been created by the fact that France at least deems the limitation of trained reserves as a theoretical possibility.

GRAIN ACT BILL TO BE DEALT WITH BY COMMITTEE

Ottawa.—The act to amend the Canada Grain Act, which was introduced in the House of Commons by Milton Campbell, Progressive, Mackenzie, Sask., was referred to the committee on railways and canals by the senate. The bill, which has passed all stages in the house, proposes to give the farmer authority to designate the terminal elevators to which he desires his grain to be shipped, and also, to require that the elevator, if it is to be a terminal, be owned by a farmer.

The second reading of the act to amend the Grain Act was moved in the senate by Hon. W. A. Willoby. Mr. Willoby traced the history of the co-operative elevator movement in Saskatchewan and the development of the wheat pool. He claimed that the grain commission had intended to give the right to the farmer to designate the terminal elevator to which he wished his wheat shipped. Farmers complained that in many private elevators there was mixing of grain from which he received no benefit, nor did he participate in the profits arising from overages.

Senator Willoby said that this bill had been criticized on the ground it would confiscate private interests in terminal elevators. He claimed there was no such object or intent in the bill.

Senator W. J. Ross, Conservative leader in the senate, thought a measure of this importance should be sent to the banking and commerce committee, where evidence, both from the wheat pool and the elevator interests, could be given. Senator Willoby urged that a special committee be selected, and was supported in this by Senator Dandurand. Sir George Foster felt that to send this bill to a special committee would be to arouse suspicion and distrust, and urged that the banking and commerce committee be selected. This was done on the motion of Senator Ross.

RURAL CREDITS BILL TO HAVE A FEW CHANGES

Ottawa.—The senate committee on banking and commerce has completed its work on the rural credits bill already passed by the commons. The bill emerges from the senate committee with a few changes, but with the general principle unaltered.

The bill as introduced in the commons contained no specific restriction of the administration costs. During its passing in the commons a clause was inserted stating that the expenses of administration should not exceed 1 per cent of the money loaned. This clause was struck out by the senate committee.

The other alteration of any importance made in the bill was that the provincial board was reduced in number from 5 to 4. The provincial board now consists of three members nominated by the provincial government and one nominated by the borrowers under the act. In all cases the appointments are made by the Canadian Farm Loan Board, which is the central body appointed by the governor-in-council.

Senate Rejects Bill

Maye to Repeal Clauses in Criminal Code Respecting Sedition Is Defeated

Ottawa.—By a vote of 36 to 24 the senate rejected the bill to repeal certain clauses from the criminal code which were passed originally in 1919 respecting sedition and seditious crimes.

Senator Dandurand, government leader, said that the clauses to be repealed were "exceptional legislation" which smacked of tyranny.

Senator Deakins criticized the government for attempting to remove the clauses in question. The sections were put in the criminal code to punish the attempt of organized groups which were created to destroy ordered government.

Senator Robertson spoke of the rising tide of communism on the North American continent. He told of the attempt on the part of the Ode Big Union to seize the government at the time of the Winnipeg strike in 1919, when the sections of the code in question were incorporated. "I think along with the sections of other off-trade unions, that this protection ought to be continued," he said.

Rescue Crew Of British Ship

Tokio.—All members of the crew of the British freighter City of Nagoya were rescued by the Japanese cruiser Kauga and destroyer Urakaze, the Kauga reported by wireless to the navy department. Seventy-three men were taken off the freighter, which was grounded about 150 miles south of Tokio.

Yacht Owner Protests

New York.—Shots fired at the private yacht Aloha, owned by Arthur Curtiss James, New York capitalist, while enroute from New York to Newport, presumably by a sub boat chaser, have been the subject of a protest to Washington, while alleged promiscuous firing by a coastguard patrol boat at Miami, Fla., is under investigation.

Auto Road Across Rockies

Lake Louise, Alta.—Eleven years after it had been surveyed and mapped out by the Dominion parks department, the first automobile highway across the Great Divide from Lake Louise to Field, British Columbia, running parallel to the Canadian Pacific Railway, was formally opened on June 16th.

Liberty Bell Guard Dies

Philadelphia.—James T. Montgomery, who for 25 years stood guard over the Liberty Bell in Independence Hall, died here on the eve of the 16th anniversary of the sounding of the famous old bell proclaiming independence of the United States.

Select Winnipeg For Next Meet.

Montreal.—Winnipeg, Man., was selected for the next meeting of the general council of the United Church of Canada. The assembly is to be held in the month of June, 1925. The date has not yet been determined, but the council will meet in Young Church.

Enlarge General Motors Plant

Montreal, Que.—General Motors of Canada is understood to have received an order for 27,000 cars for exportation to England. Hutton & Son, architect, Hamilton, Ont., are preparing plans for a \$50,000 addition to the company's plant at Oshawa.

A British expedition in Northern Fayum has found baskets 7,000 years old belonging to the Libyan Pharaohs.

Splendid British Family Comes to Canada

Here are Mr. and Mrs. Davies and their eight children, from Machon, Monmouthshire, England, bound for Edmonton, Alberta, for farm work. The cost of the passage of the whole family is less than one ordinary fare, as they came out under the 2,000 family settlement scheme. The Canadian Pacific liner Montclair left Liverpool recently with 2,000 emigrants on board bound for Canada under the 2,000 family plan, many of them paying only \$2 for their passage.

We are asked by a number of ratepayers if we were this week publishing verbatim the evidence submitted in the Frank Wright case. This case was long drawn out and the evidence of such a lengthy character that it is impossible for us to reproduce. However, a practical summary of the case can be seen by any ratepayer at any time in the auditor's report at the town office, which has been sustained by judgment.

Mr. J. C. Cox left Sunday morning last for Vancouver, owing to the serious illness of his daughter Mary. Later news received here stated that this well-known and popular young lady passed away on Sunday evening before Mr. Cox arrived. Mrs. Cox, who left last week, was with her daughter when the end came. Much sympathy is felt in Coleman for the bereaved ones in the sudden passing of this estimable young woman.

Henry Ford proves that big business of the right kind is good for owner, public and consumer. He makes about \$29 profit on each automobile. If he didn't make millions of cars a year, he would lose heavily on each at the present prices. He makes a comfortable fortune yearly by saving iron dust that ordinarily escapes from blast furnace chimneys. At one end of his big River Rouge plant, iron comes in from the ore beds and at the other end goes out under its own power on four wheels, transformed into tractors.—Ex.

During the big strike in England, the circulation of the British Worker, a small four-page pamphlet, amounted to 713,000 copies, 314,000 of which were printed in London; 100,000 in Manchester; 37,000 in Cardiff; 20,000 in Glasgow; 20,000 in Sunderland, and 12,000 in Leeds.

The wage of the Lancashire highest-paid miner up to the time of the big British strike was 9s. 6½d. a day, and they were threatened with a reduction to 8s. 1½d. At the best that could only mean a wage of 44s. 8d. a week. Deductions amounted to more than 3s. a week, so that the net wage would be barely over £2 for a full week's work.

She had waited, waited impatiently at the window most of the evening and still he didn't come. Behind her was the snug little room she had so carefully prepared for his arrival. Would he never arrive? Then, as if with the thought he appeared, walking briskly up the steps. She rushed to the door to meet him, her arms outstretched, her lips trembling, her eyes alight with the desire she could not hide. She led him to a chair, and then nestled into his lap. Her soft white arm, encircling his neck, shook with emotion. Her deep brown eyes sparkled with the unspoken thought. She covered his face with moist passionate kisses. Her breath was becoming short and spasmodic through her parted lips. No longer could she control herself. She must kiss him! Her voice was low and tender. "Darling, won't you buy me a new suit and hat? I must have it for the Blairmore Elks' carnival."
